CORONAVIRUS (COVID-19)

The Presbyterian Church in Ireland has issued guidance in relation to the Coronavirus (Covid-19).

This guidance reflects previous advice provided by the Church as a response to pandemic flu.

While the guidance will be useful for congregations, they do not purport to be comprehensive.

The most important thing to stress is that congregations should follow all public health guidance provided by state authorities – The Public Health Agency in Northern Ireland (www.publichealth.hscni.net). Congregations should refer to the relevant website regularly as advice will continue to be updated.

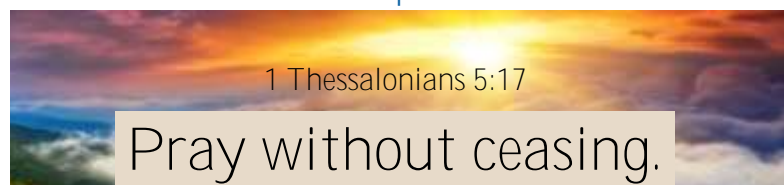

Full letter with guidelines can be lifted from the vestibule. Copies are also available from the office.
